Dear Ray,

On behalf of the American Heart Association and the 2013 Baltimore Heart Ball Team, thank you for graciously providing your time and services for this year's event that was held on February 23, 2013 at the Baltimore Marriott Waterfront. Your help was critical to helping us meet our goals. Our guests had a great time. The food, the atmosphere, the décor, the signage, and the music all received rave reviews. People are already talking about next year's event!

Many of our guests were in awe of Noah Thyberg, a heart disease survivor who shared his personal story of recovery with guests at the event. Funding for research and awareness campaigns provided by the American Heart Association helped to make dreams come true for this 14-year-old boy who developed myocarditis after complications from the flu when he was 10 years old. Your generous donation at the event helped to raise more than \$700,000 for the prevention of heart disease and stroke, the nation's leading cause of death.

You played a great part in the success of our event. On behalf of the millions of people impacted each year by heart disease and stroke, thank you again for your support!

With gratitude,

Angela Wheeler

The band, Doctor's Orders, was amazing. Our guests danced this all night this year.
