Who's crying now

Nobody does it better

Yesterday

Imagine

Desperado

First time ever i saw your face

Neither one of us

When we were young

Someone like you

Unforgettable

From this moment

Fields of gold

Listen to your heart
I hope you dance
I only have eyes for you
How do i live
When you say nothing at all
Still the one
Wild Horses
Fire and Rain
You've got a friend
Because you Love me
Titanic/My heart will go on
Lately
Wind beneath my wings
La vie en rose

My funny valentine
Ribbon in the sky
Overjoyed
The rose
Glitter in the air
Superstar
All the way
Get here
Listen to your heart
Purple rain
One
New York State of mind
To make you feel my love
Over the rainbow
Bridge over troubled waters
True colors

Time after time
Tennessee whiskey
At last
Misty
Can't help falling in love
So far away
Landslide
I'd rather go blind
Cry me a river
A change is gonna come
You've changed
Your song
Wonderful world
Breaking up is hard to do
You send me
You don't know me
Autumn leaves
Dream a little dream
Since I fell
Come away with me
Natural woman
Hallelujah
Both sides now
